Objective

A positive, reliable and hard-working individual looking to work as a software developer. Seeking a challenging position where I can learn as much as possible and grow my skills.

Education

V School

Apr. 2019
Intensive full stack development program focusing on the MERN stack

Salt Lake Community College

Spring 2021
Pursuing a degree in Computer Science and Communications

Experience

Training Coordinator / Edward's Lifesciences, Draper UT

Aug 2018 – Jan 2019
I worked on a small team and used SumTotal software (Learning Management System) to ensure employee training records were complete and validated. Helped in the creation of a work-flow process project that was implemented department wide.

Service Coordinator / Nelson Laboratories, SLC UT

Apr 2015 – Apr 2018
Was the Master Trainer for this position and provided training modules and process improvements. Worked closely on a small team to ensure sponsor tests were completed in promptly by using CRM (Customer Relationship Management) software to track study progress.

Skills

HTML
CSS
JavaScript
React.js
Express.js
Node.js
MongoDB
Mongoose
PostgreSQL
Git
JSON

Projects

Face Detection App

Worked on a full stack website using React.js, JavaScript, Node.js, PostgreSQL and a REST API by Clarifai that allows users to detect faces in an uploaded image URL using AI recognition.

https://sc-facerecognition.herokuapp.com/

Studio Ghibli Films

Created a single page application using the Studio Ghibli API to showcase the films. Created React and JavaScript
